

RESOLUTION #2018 - 1

BE IT RESOLVED by the City Council of the City of Caraway that recent studies have shown that the current requirement for water service deposits to obtain service from the city Water Department, set by the City Council in 1990, has often been insufficient to satisfy outstanding charges upon departure of the persons responsible.

IT IS FURTHER RESOLVED that an increase in the amount charged for deposits to insure payment for water service on new connections, or reconnections when the responsible person has been a non user for more than 30 days, will require an increase to \$150.00, to be held until all charges have been paid, at which time, any balance may be returned to the responsible party upon cessation of service.

This increase shall be effective immediately upon approval of this Resolution.

Adopted this 8 day of FEBRUARY, 2018.

Bamy Kelly
Mayor
